Ref: [03]/2016

Subject:	<b>Vegetation Assessment for Sports Venues with Turf</b>
Applicability:	<b>GSAS Sports Scheme – S.4 Vegetation Criterion</b>

## Query

How to assess the Vegetation criterion for sports venues where turf is considered as a main design component using S.4 calculator?

## Response

For sports projects; where the use of turf in football pitches and training fields is mandated by relevant regulatory bodies, the venue footprint encompassing the turf area can be excluded from the criterion areas calculations.
